

The Dallas/Fort Worth Driller

The Newsletter of The American Association of Drilling Engineers
Dallas/Fort Worth Chapter

Volume 19 Issue 4

May
2009

The President Speaks

By Jerry Gilley

Our 2009 membership year began in January. A membership application is in this newsletter. You can bring the application to the May meeting or mail it. Attaching a business card with an email address to the application will also be acceptable. Membership fee is \$20. You must become a member to continue receiving the DFW newsletter and be eligible to vote in both DFW Chapter and National elections.

The DFW Chapter will hold officer/steering committee elections at the May meeting.

If you do not receive the monthly newsletter, go to the AADE website at www.aade.org. You will be able to view the meeting schedule and the monthly newsletter.

There were 38 in attendance at the April meeting. Bob Miller with Postle Industries gave a review of drill string hardbanding alloys. He discussed available alloys, application, and wear relationship between casing and tool joints.

The May meeting will be at the Fort Worth Petroleum Club. Wild Well Control will provide the program. Attendance was down at the April meeting. Please make a strong effort to support the AADE DFW Chapter and program presenter at the May meeting. It's time to invite a co-worker or business associate to attend with you. It would help us with meeting arrangements if you make an advance reservation per the instructions in the newsletter.

Vote for your Board of Directors in your Chapter
Election at the May 20th Meeting

Making Reservations

New Reservations Policy – We are trying to phase out the call in system, and go to an email system. For reservations, email your reservation to: aadereservations@newtecheng.com.

When making your reservation by email, give the name/s and company of each attendee. Often times the voice messages are hard to understand. Going digital should help eliminate discrepancies in the spelling of names, and generally aid us in meeting preparation and record keeping. To use the call in number, dial 800-221-4826. When you get the main recording, push *, then 3778, then #...leave your name and company after the AADE announcement.

Biographical profile – Fred Ng

Fred Ng is Manager of Well Control Technical Services at Wild Well Control, Inc. He has over 25 years of worldwide experience in operational, technical and management responsibilities for major and independent operators in the petroleum industry. He served extensive assignments covering land and offshore drilling operations in the Gulf Coast, Alaska, Texas, Indonesia, Malaysia, China, New Zealand and Ghana. Fred is a mechanical engineer by training, and holds a B.S. (Honors first class) from University of New South Wales (Australia), and M.S. and Ph.D. from Texas A&M. He has taught in Mechanical as well as Petroleum Engineering at University of Houston.

Professional Resume Of

David Moody

Manger, Well Control Operations

David Moody is Manger of Well Control Operations for Wild Well Control, Inc., a Spring, Texas based company specializing in worldwide firefighting, well control and engineering services. With over 31 years of experience in onshore and offshore emergency well control operations worldwide, David is a specialist in blowout control, firefighting, well capping, snubbing, wire line and coiled tubing operations.

As a Senior Well Control Specialist, David has supervised well control teams around the world including U.S., Kuwait, Australia, Nova Scotia, South America, Africa, India, Venezuela and Mexico. In addition, David has also been involved in high pressure hot tap and freeze operations, high pressure snubbing and coiled tubing operations, valve drilling, and the removal and replacement of damaged wellheads.

David maintains certification in Well Control, H2S Safety, and Snubbing Training. David is a member of SPE, API, AADE, and IADC.
