## *The President Speaks* By Christopher Stacy

VISION. This is my first in a series of “The President Speaks.” My plan is to use this platform to discuss a series of key elements within our organization and industry. I have three specific visions for our chapter this year with sole intent to make our chapter bigger and better.

First vision is to continue doing the things we do well. This includes, but not limited to putting on the two best events in North America; our Sporting Clay Aug. 11-12th and 2-man Golf Scramble in October. We will also continue to put on a monthly dinner meeting with variety of speakers that are informative and entertaining.

Second vision is to diversify our chapter. DFW is a major Oil and Gas buying center that is made-up of engineers and service personnel both, male and female, young and old, from a multitude of cultures. Unfortunately, our monthly dinner meetings do not reflect this make-up. We will all put forth the effort in improving in this area. Whether it’s bringing a young engineer you are mentoring in your office, or encouraging the ladies in your office to attend the dinner meetings. We have incorporated Becky Byrd to head our diversity committee to help in this endeavor, so I encourage you to do your part.

Third vision is communication. Moving forward this year you will notice a new approach in communication within the chapter. Utilize the website and our social media for gathering information regarding AADE events. People today go to different avenues for their information; we plan to make sure we are utilizing all of those avenues.

I hope you are as excited for this upcoming year as I am.

Please feel free to share in this vision with me.
