

AMERICAN ASSOCIATION OF DRILLING ENGINEERS

2019 NATIONAL TECHNICAL CONFERENCE AND EXHIBITION

Elevating Data

FOR MILE HIGH PERFORMANCE

09 -10 April 2019 | Hilton Denver City Center | Denver, Colorado

CALL FOR PAPERS

Those interested in submitting a non-commercial technical paper and making a presentation are invited to submit a maximum 250 word abstract at www.aade.org

SUGGESTED TOPICS:

- Bit Design
- Case Studies
- Cementing / Zone Isolation
- Circulation Loss
- Completions
- Data and Analytics
- Deepwater and Subsea
- Directional Drilling
- Downhole Tools
- Downhole Technologies
- Drilling Automation
- Drilling Fluids
- Drilling Management
- Drilling Optimization
- Dual Gradient Drilling
- Factory Style Drilling
- Field Development
- Fluids
- Formation Evaluation
- Geoscience
- HSE
- HTHP
- Innovative Technologies
- MPD / UBD
- New Methodologies
- Performance Drilling
- Rig Technology
- Risk Management
- Real-Time Operating
- Remote Data Monitoring
- Software and Modeling
- Special Techniques
- Tubulars / Expandables
- Wellbore Stability
- Well Construction
- Well Control
- Well Planning

The American Association of Drilling Engineers will host the National Technical Conference covering subjects considered to be improvements and innovations in drilling operations.

This conference will be of interest to major and independent operators, service companies, drilling contractors, equipment and materials manufacturers.

Abstracts due by **September 30, 2018**

Authors will be notified of acceptance by **October 31, 2018**

Papers due by **February 15, 2019**

Presentations due by **March 15, 2019**

CONFERENCE CHAIR

Frank Seidel
fseidel@seideltech.com

CONFERENCE CO-CHAIRS

Erin Britton
ebritton@sundanceenergy.net

Stephen Flowers
sflowers@kecorp.us

CONFERENCE COORDINATOR

Carolyn Berry
carolynberry@att.net

PROGRAM COORDINATOR

Mary Dimataris
mdimataris@outlook.com
