FLUIDS 2020

THE PREMIER TECHNICAL CONFERENCE AND EXHIBITION
DRILLING | COMPLETION | CEMENTING | FRACTURING

April 14-15 | 2020
Houston | Texas

NEW VENUE

MARRIOTT MARQUIS
DOWNTOWN HOUSTON

Abstract Request

The AADE FTCE committee invites you to share your technical knowledge and expertise with your industry peers at the 2020 premier fluids conference. Submit an abstract related to one of our diverse set of technical topics for consideration. Abstract guidelines and submission information can be found at www.aade.org.

The American Association of Drilling Engineers will host the 2020 Fluids Technical Conference and Exhibition covering applications, improvements, and innovations in drilling, completion, cementing, and fracturing fluids. This conference will be of interest to all operators seeking more efficiencies in the various fluid domains, service companies of all sizes, drilling contractors, equipment and materials suppliers, manufacturers, and distributors.

CHAIRMAN
Ahmed Amer

SUGGESTED TOPICS:

- Case Histories
- Cementing and Zonal Isolation
- Completion Fluids & Spacers
- Corrosion
- Data & Analytics
- Deepwater
- Digital Transformation
- Digital Solutions
- Displacements
- Drill-In Fluids
- Drilling Fluids
- Emerging Technologies
- Environmental Initiatives
- Fluids for Extreme Conditions
- Formation Damage
- Fracturing Fluids
- Gravel Pack Fluids
- Hole Cleaning
- Hydraulics and Rheology
- Lost Circulation
- Managed Pressure Drilling
- Openhole Completions
- Produced Water/Brine
- Production Stimulation
- Regulatory Compliance
- Recycling and Reuse of Fluids
- Software Modeling
- Solids Control Technologies
- Spotting Fluids
- Sustainable Initiatives for Fluids
- Test Equipment and Procedures
- Unconventional Drilling
- Underbalanced Drilling
- Waste Management
- Water Transfer
- Wellbore Integrity
- Wellbore Stabilization

September 25, 2019

Abstracts will be due

November 06, 2019

Authors notified of acceptance

February 19, 2020

Papers will be due

March 11, 2020

Presentations will be due

Students

Students in good standing with their academic departments and their AADE Student Sections are invited to submit a maximum 250-word abstract on a non-commercial topic of interest at www.aade.org using the link for Student Poster and Presentation Contest.

Student Abstracts Due

December 16, 2019

Those students selected to participate in the poster and presentation competition will be notified of acceptance by January 14, 2020.
