The President Speaks

By Steve Mamerow

We've nearly completed another successful year as an organization here in the DFW area. Our fundraisers for scholarships resulted in significant support for several students and we are continuing our technology sharing within our membership. Hopefully, you are all taking advantage of the expertise within our organization and our industry.

We'll be voting on new officers for the 2004-05 year at our May meeting. Be sure to register for the meeting and come out and vote. We also have received offers from several of you indicating a desire or willingness to serve in some capacity. We will be in touch as our workload unfolds.

Our May meeting will include a presentation by Wild Well Control of a case history of a blowout in Bolivia. Come and learn about how to avoid these events and how to remediate them if they do occur. Our June presentation is scheduled with Graeme Craigon of Landmark Graphics who will discuss tools and systems for data collection and dissemination.

Remember that our meeting will start promptly at 4:00 pm at the Las Colinas Country Club in Irving. Please make your reservations and sign in early to allow the arrangements and meeting to flow smoothly and on time.

We'll be moving forward on funding the purchase of one or more "Knowledge Box(es)" for use within the metroplex and will keep you apprised of progress in that area.
