Full Day of "Drilling Operations Case History and Drilling Efficiency" presentations
from all the major plays in North America

This Symposium has become the premier Drilling Operations event of the year for the Mid-Continent for several years running. We have enjoyed 275+ attendees for 3 years running and 2010's speaker line up should be no disappointment. If you are aware of an Operator that is doing something unique or intriguing and you think a room full of ~300 Drilling Professionals would be interested, please send their name and Company affiliation to aade.okc.chapter@gmail.com and your AADE/MC Professionals will make contact w/ them to request a presentation.

Additionally, we have room for Sponsorships. A great way to market your Company in front of the entire Mid-Con Drilling Community:

- Company Booth -to market your services (limited space so don't delay)
- Company Sponsored - break times, Lunch, Cocktail Hour

If you or your company is interested in Sponsoring or having a Booth please contact Mr. Glenn Bone @ glenn.bone@apachecorp.com

2009-2010 AADE/MC TULSA-Student Section Schedule of Events

The AADE/MC Tulsa Student Section would like to THANK Smith Bits for inviting us to tour their "Steel Body" Drill Bit Manufacturing Plant in Ponca City, OK on October 23rd. Special thanks to Doug Ewing-Tour Guide who lead the tour and Kevin Craig for Sponsoring and offering great hospitality! These future professionals gained very valuable knowledge about oilfield manufacturing operations and the most important component (the part that destroys rock!) of our industry!
