

March Monthly Meeting

Thursday, March 3, 2011
11:30 am – 1:00 pm
(Doors open at 11:15)

Pan American Building
 601 Poydras Street
 11th Floor
 New Orleans, LA

Cost: \$25 prepaid/\$35 door

Speaker: John Peters - Chevron

Topic: Update on API RP 96, WCID,
 Containment and Permitting

Note: Mr. Peters will be taking open questions to address people's specific concerns/questions on impending regulatory changes. If one has a specific question before the talk, cards will be available for submission. As always, there will also be an opportunity for open questions following the session.

National Technical Conference & Exhibition ***April 12-14, 2011***

The **American Association of Drilling Engineers** will host a **National Technical Conference and Exhibition "Drilling Ahead"** featuring improvements and innovations in drilling and completion technology. This conference will be of interest to persons with major operators, independents, drilling contractors, service companies, government, academia, equipment and materials manufacturers.

Because there is a limited capacity for this event, we recommend advanced registration. Click on the link below to register online and reserve your seat.

[Click Here to Register Online](#)

Or click below to download the conference registration form.

[2011 Conference Registration Form](#)

For **Booth & Sponsorship** opportunities, contact Robin Gannon, Exhibits Chair at robin714@att.net.

Visit www.aade.org for full information or contact the American Association of Drilling Engineers - Phone: 281.293.9800 - Email: info@aade.org

Donation to LSU

The New Orleans Chapter of AADE donated \$20,000 in December 2010 to the Craft and Hawkins Department of Petroleum Engineering at LSU for the Well Control Teaching Laboratory Support Fund. AADE's intentions are to support the local universities by helping produce graduates for the Petroleum Industry. It seems fitting that AADE could provide some financial support directly into well control training, especially after last year's GOM tragedy. These funds are dedicated to supporting PETE 4060 Well Control Lab classes for the Spring and Spring Intersession of 2011. There is a total of 77 students who will take and complete the lab this year. There was a higher than usual number of students that needed to take this course. Extra lab sessions were needed to allow more students to take the senior drilling class next fall and graduate in a timely manner. The extra sessions of the PETE 4060 lab also create additional part time jobs for PETE Seniors who serve as assistant lab instructors.

AADE received the following note from L.S.U.:

"Your support is instrumental in helping to fund the unique, full-scale activities in this lab, in keeping the lab sections small enough to be effective, and in having knowledgeable instructors to teach them. Examples of the impact of that support include all of the spring sections having already seen a gas kick circulated out from a 6000' well, which they will do it themselves later in the semester and each of the students operating the choke and then the pump during a pump start up beginning this week.

Your continued cooperation and support is very much appreciated,"

*John Rogers Smith, P.E., Ph.D.
Associate Professor
Craft and Hawkins Department of Petroleum Engineering
Louisiana State University*

The 2011 Golf Tournament will be held at Carter Plantation on Friday, May 13, 2011. We urge you to get your registration in as quickly as possible. You know it is going to be a great time so get your group together and get your entry in before it is too late as there is limited space available. We have 256 playing spots available (128 morning and 128 afternoon). Due to unknown economic conditions you have the option to register as a 4 man team, a 2 man team, or as a single player and we will place you in a foursome. This years format will again be a 4-man scramble as it helped considerably in speeding up play from past years.

As usual we will have a great cast of volunteers to guarantee another successful event and a fun day. So, dust off those clubs, warm up those bones, and put your diets aside for the day. This is one golf tournament you do not want to miss. Registration forms can be mailed to Janel St. Amand at the above listed address or emailed to me at steve.stamand@centuryx.com. Again we will be giving out golf shirts so please specify your size with registration. We will once again have great door prizes for a majority of the golfers.

If your company has an interest in sponsoring a Team, Hole Prize, or Food, please contact the Committee person listed below. Once again AADE counts on the golf tournament for scholarship dollars for our universities. In 2010 we gave out \$25,000 in scholarships plus donated another \$40,000 for lab equipment and other university needs.

HOLE PRIZES/SPONSORSHIPS
