2010 14th Annual Deepwater Technical Symposium

Did you know that the New Orleans AADE Chapter is the lead sponsor of this year's Annual Deepwater Technical Symposium? This is one of the best, if not the best, local technical conference focused on the Deepwater Gulf of Mexico.

The Symposium team is hard at work putting together this year's event. The Keynote Speakers are scheduled and we are currently filling out the technical program. The first Keynote address will be given by Rich Pattarozzi (former VP of Deepwater Development for Shell). Rich will provide a lookback on Deepwater Development in the Gulf of Mexico. Looking forward, Chris Oynes (Associate Director of Offshore Energy for the MMS) will provide a glimpse of OCS development going forward. Two great talks to review and look forward to on Deepwater Developments.

There are still opportunities for you and your company to participate, either submit a presentation or exhibit and sponsor the symposium. Information is below.

Please review and sign up for the 14th Annual Deepwater Technical Symposium!

Scholarship Golf Tournament and Fundraiser

Dear Friends,

The New Orleans Chapter of the American Association of Drilling Engineers (AADE) is once again pleased to announce its annual Scholarship Golf Tournament to be held at Carter Plantation in Springfield, LA on Friday, June 11, 2010. As always proceeds from this event goes to scholarships and engineering department funding at our college campuses around the state including Louisiana State University, Nicholls State University, University of New Orleans, and University of Louisiana @ Lafayette.

Without your help AADE New Orleans could not fund its annual scholarship program which in 2009 gave \$25,000 in scholarships and over \$40,000 in funds to area universities for lab materials, endowments etc.

The event is always well represented with operator and service company personnel and it is a good advertising venue for companies. Enclosed is sponsorship information as well as an entry form for the tournament.

Please consider helping out the AADE by sponsoring this worthwhile event or participating in the actual tournament . I realize the last 18 months have been hard on our industry and companies have had to reconsider their sponsorship levels and which tournaments they want to participate in. While we feel we have the best tournament in the area AADE understands the issues of today's markets and thanks you for your past support and consideration for support again this year.

If you have any questions please feel free to contact me at 504/832-3796.

Sincerely,

Stephen S. St. Amand
