I think we would all agree that 2016 is a year we are glad to have behind us. The challenges approached our industry from all sides and we faced them with determination and vigor. We ended the year with a curve ball and substituted a donation drive for a technical meeting. Thank you to all who came out and joined us and donated food, blankets, cash, and raffle prizes. The Bakersfield Homeless Shelter was ecstatic with the help around the holidays.

Now we face the upcoming year with hopes the recent relief can just be the start. WTI has been steady, OPEC looks to be following their word, we have seen an increase in rig count in California, and a bit of landscape change of operators. The annual Operator’s Forecast Meeting is one of our most anticipated events and will take place on January 19 from 5:30-8:00 at the Rice Bowl. It will be hard to follow up the performances from years past but the hints of an improving market will, with a bit of luck, bring out better budgets and more fodder for all those forecasts. We have a fantastic line-up of speakers and we are continuing to solicit late additions so make sure to come out and share in the 2017 “Liar’s Club”.

Happy New Year!

THANK YOU!

We appreciate all the donations which helped provide a little relief of food and blankets to the Bakersfield Homeless Shelter.
