

AMERICAN ASSOCIATION OF DRILLING ENGINEERS

FLUIDS 2022

April 19-20 2022 | Marriott Marquis | Houston

THE PREMIER
TECHNICAL CONFERENCE
AND EXHIBITION

CALL FOR ABSTRACTS

The AADE FTCE committee invites you to share your technical knowledge and expertise on fluids for:

drilling

completion

cementing

fracturing

Converse with your industry peers at the 2022 premier fluids conference to be held in person and virtually.

Submit an abstract related to one of our diverse set of technical topics for consideration. Abstract guidelines and submission information can be found at

www.aade.org

SUGGESTED TOPICS:

Case Histories
Cementing and Zonal Isolation
Completion Fluids & Spacers
Corrosion
Data & Analytics
Deepwater
Digital Transformation
Digital Solutions
Displacements
Drill-In Fluids
Drilling Fluids
Emerging Technologies
Environmental Initiatives
ESG
Fluids for Extreme Conditions
Formation Damage
Fracturing Fluids
Gravel Pack Fluids
Hole Cleaning
HTHP
Hydraulics and Rheology
Lost Circulation
Openhole Completions
Regulatory Compliance
Recycling and Reuse of Fluids
Solids Control Technologies
Spotting Fluids
Sustainable Initiatives for Fluids
Test Equipment and Procedures
Waste Management
Wellbore Integrity
Wellbore Stabilization

September 30, 2021

Abstracts will be due

November 01, 2021

Authors notified of acceptance

February 15, 2022

Papers will be due

March 15, 2022

Slide presentations will be due

March 22, 2022

Recorded presentations will be due

STUDENTS

Students in good standing with their academic departments are invited to submit a maximum 250-word abstract on a non-commercial topic of interest at www.aade.org using the link for Student Poster and Presentation Contest.

December 17, 2021

Student abstracts will be due

Those students selected to participate in the poster and presentation competition will be notified of acceptance by January 14, 2022.
