$30 after Feb 20 (02/20)

Registration: https://www.123signup.com/register?id=rxcpk

Information: https://www.123signup.com/event?id=rxcpk
Hello Everyone!

Just a month into 2019 and things are already getting interesting in the industry! We’re seeing multiple companies starting new exploration programs in Alaska, and the whole state is waiting to see what they announce with regards to discoveries in the coming months. OPEC is planning to initiate cuts again to keep supply/demand in check, and while there was a lot of commodity volatility in December last year, we’re seeing prices stabilize and economists and bankers are projecting rising prices for Oil over the year. Let’s keep things going!

What does AADE Alaska have in store? The immediate future has the annual Operators Forum on February 20th. Be sure to keep it on your calendar as BP, Oil Search and AGDC will be speaking on their plans for 2019. We are still working on the Contractors forum, and if more companies confirm, we’re planning on bringing you a second Operators Forum since so many operators have so much work in store! The 3rd Annual UAF/UAA Governors’ Cup Alumni Celebration with AADE, will be coming up in March as well. New details will be coming out shortly, but don’t forget to plan to join AADE in March as we celebrate and check out a game between the biggest local rivals in Alaska. We are also busy getting ready to start planning F5 2019 and we need YOU ALL to help us by planning cooking teams and supporting the event through sponsorships. New information packages have been sent out and will continue to be sent out monthly, so don’t hesitate to review them, and lock in your company for the 2019 event!

Thank You Everyone!

FIN FUR OR FEATHER FOOD FESTIVAL – 2019

Thank You to Unique Machine for allowing us to use their pipe yard again to host F5 for 2018, and also, congratulations on their Double Win at the 2018 event! We have been given permission again to host F5 2019 at Unique Machine and we hope to see you there!

May 31st, 2019
3:30 PM – 8:00 PM
Unique Machine – 8875 King Street

As always, the event cannot happen without volunteers, sponsors and cooking teams. Please talk to your co-workers and your companies about considering a sponsorship for the 2019 event! New event flyers and information packages are being sent out. PLEASE REVIEW THEM! We are going to be providing some increased advertising options within our sponsorship package so there are more new opportunities by which to get involved in the event, and demonstrate support for the community! F5 2018 brought in $15000.00 in profit to be used for 2019 charitable grants and scholarship funds, so let’s all do our part to bring that number up in 2019!

2019 Joint AADE/SPE Student Scholarships

Student Scholarships are online again! Applications for both high school seniors and college students will ONLY be accepted by email and transcripts will only be accepted by mail. All materials must be received or postmarked by March 29th. Additional details can be found at the link below:

http://www.aade.org/chapters/alaska/scholarships/

Make sure that your children register today for their chance at a scholarship, and make sure that you friends have their children register as well!
Alaska Resource Education

For those who don’t know, Alaska Resource Education is a non-profit based here in Anchorage, that tasks itself with providing outreach to school children across Alaska, teaching them about the oil and gas industry and the myriad of opportunities that exist within the industry for post education employment. They can really use our help with display pieces, etc that can be used to further improve their program, excite children and provide additional interactive education. Right now, the types of materials they are looking for are:

- An oil core sample and/or rock containing oil
- Any small core samples that I can easily travel with that show layers or mineralization would be great.
- Drill bits or models
- Models of a drill rig, or pipe, etc

If anyone knows about materials that can be provided or donated to ARE, please contact Beki Toussaint at the following:

Beki (Kelly) Toussaint  
Education Program Manager
