MESSAGE FROM THE AADE PERMIAN BASIN PRESIDENT - SCOTT WILLIAMS

Our March meeting kicks off with some very exciting news regarding a check presentation to UTPB! The Permian Chapter and National AADE Board have mutually agreed to fund UTPB a combined \$80,000 for new lab equipment. AADE is excited to see the local growth of the College of Engineering at UTPB, including the new engineering building on Highway 191 and the success of the engineering staff and students. Our hope is that the graduating classes find rewarding jobs locally where they can apply their degrees and become tomorrow's leading engineers.

Thank you very much for your cash donations last month on behalf of the Patterson UTI #219 fatalities. We received \$1490 and with the match from AADE Permian Chapter we were able to donate \$2980! Continue to keep these folks in your thoughts and prayers.

As you know, the AADE is always in search of outstanding students to be considered for our annual scholarships. If you know of any individuals to be considered, please get in touch with a board member so we can consider them.

Next month is the annual National AADE Technical *FLUIDS* Conference and Exhibition to be held on April 10th and 11th.

We hope to see some of you there! If you need more information you can go to www.AADE.org and register.

Today's presentation is one we look forward to, we are able to have Spears and Associates featured. Richard Spears is well known throughout the industry and I am sure will be sharing some interesting material and forecasts.

Last, but not least, we have reached out to multiple industry organizations to combine efforts for a mid-summer event. Our vision here at AADE is to be a catalyst for newcomers to the area as well as the young professionals making a home here. We feel it is important for them to see where they can apply their talents beyond the job and plug in to the great local industry organizations. Stay tuned for more info!

Keep the hat snug for the March winds and above all have a wonderful Easter.

Scott Williams

TODAYS PRESENTATION

“The 2018 Oilfield Equipment & Service Market ”

Richard B. Spears - Managing Director - Spears & Associates Inc.

With an engineering degree from Oklahoma State University and graduate work in industrial engineering, Richard Spears has worked for 38 years in the upstream oil and gas industry, starting as a field engineer for Halliburton. Today, Richard is one of the managing directors of Spears & Associates, an oilfield market research firm founded in 1965. The firm has over 350 clients worldwide, including all major oil companies, many national oil companies, all major service companies and over one hundred private and institutional investors. Richard has been with the firm since 1985 and leads the firm's mergers and acquisitions support practice.

Industry Training 2018

We provide quality training programs designed to keep oil and gas industry professionals current in their areas of expertise by offering the latest industry updates, as well as providing timely and pertinent educational opportunities. This guide presents training programs offered March - April 2018.

GEOLOGY

Apr 16 - 19 Petroleum Geology for Non-Geologists; *Paul Pausé*

DRILLING

Mar 19 - 23 WellSharp Well Control: Drilling/Workover; *Larry Chapman*

Apr 11 Well Service and Pressure Control; *Mike Cure*

ENGINEERING

Mar 06 Managing Sucker Rod Lift Well Failures; *Albert Garza*

Mar 06- 07 Oilfield Terminology; *Tommy Lent, Jr.*

Mar 07- 08 Basic Oilfield Operations; *Albert Garza*

Mar 19 - 23 PetroSkills: Petroleum System Analysis; *Andrew Pepper*

Mar 27 - 29 Principles of Hydraulic Fracturing; *Jennifer Miskimins, PhD*

Apr 23 Polymer Gels For Conformance - Improvement; *Randy Seright, PhD*

Apr 23 - 27 Waterflooding: Performance Predictions and Surveillance; *Michael Wiggins, PhD*

Apr 23 - 27 PetroSkills: Gas Lift; *John Martinez*

Apr 27 Professional Technical Sales; *Paul Hughes*

Apr 30 Remediation & Restoration of Hydrocarbon & Brine Contaminated Soils; *Kerry Sublette, PhD*

LAND

Mar 27 Right of Way Acquisition Training; *Donald D. Valden*

Mar 28 Advanced Right of Way Training; *Donald D. Valden*

SOFTWARE
