From the President

Hello again members of the West Coast Chapter of the AADE. It is already March 2016, and time again for our monthly newsletter and technical meeting. This month we will be joined at the Rice Bowl by Mr. Willie Rivera. Mr. Rivera has recently joined CIPA as the new director of regulatory affairs. I look forward to hearing Mr. Rivera's perspective on the current state of California Oil and Gas regulations as well as an update on CIPA.

Thanks to everyone for the good turnout to last month's technical forum meeting, and a special thanks to Mr. Fong for speaking with us. It is an interesting time for the oil and gas industry and politics at a local and National level, and I believe that both Mr. Fong and Mr. Rivera's presentations are very timely. The landscape of our industry has changed dramatically over the last year or two, and we need to be prepared to work within the

new laws and regulations. The current price environment gives us the time and opportunity to learn and understand the changes and do everything we can to swiftly resume operations when prices rebound (and we all know they will).

Of course, I cannot make it through a newsletter without bringing up our AADE golf tournament, which is this Friday at Sundale Country Club. We still have room for a few more teams, it is not too late to sign up and support a great cause while having a blast. The board would like to thank all of our sponsors, we know it is a tough time and we appreciate everyone putting forward their support so we can continue to host this great event. We are still looking for additional raffle prizes. The raffle is a large fundraiser for

us, and the proceeds go directly into our AADE scholarship fund, so please let us know if you have anything you would like to donate!

Thanks for reading, I look forward to seeing all of you at the Rice Bowl on Thursday night for this month's technical meeting and on Friday for the golf tournament! As always, please be sure to RSVP for the technical meeting so we make sure to have enough seating and food for everyone, and so you can be eligible for the lucky member of the month drawing!

Sincerely,

Craig Hossfeld

CRC

Calendar Events 2016

March 18, 2016	Golf Tournament
April 21, 2016	Technical Forum Meeting
May 20, 2016	Technical Forum Meeting

This schedule is tentative and subject to change

Guest Speaker: Willie Rivera – CIPA Director of Regulatory Affairs

Willie joined CIPA in 2016 to manage the increasingly complex regulatory requirements imposed on the oil and gas industry. In this role, Rivera is responsible for the management of local, state and federal regulatory issues and developing relationships with government officials. He is a graduate of Cal State University Bakersfield with a major in Political Science.

Rivera honed his skills in politics while working for former State Senator Michael Rubio as a District Director, a position he also held for current Assemblyman Rudy Salas. These roles with elected officials allowed him to develop relationships with key stakeholders in the oil and gas industry as well building relationships with as key political allies.

In addition to Rivera working for CIPA he also currently serves on the Bakersfield City Counsel, representing Ward 1. He has served in this role since June 2013, when he became the youngest elected councilmember in city history. He is the chair of the city's Budget and Finance Committee and a member of the Safe Neighborhoods Committee, Community Services Committee and the Joint City-County Standing Committee to Combat Gang Violence.

As a longtime Valley resident, Willie is uniquely attuned to the challenges facing Central California and he understands the vital economic role the oil and gas industry plays in the local economy.

LMOTM: Rick Davis (Wild Well Control)

Davis has 36 years in the industry, all in the service sector, currently employed by Wild Well Control. He currently resides in Denver, CO but as with many "Oilies" has called Casper, WY, Okla. City, Houston, TX and Tulsa, OK home as well.
