Fred Holmes	Holmes Western	763-1537			

From the President

Happy New Year to all the members of the West Coast Chapter of the AADE! I hope you all had a happy and safe holiday season. The holidays are wonderful, but personally, I have to say that I am ready to put 2015 behind us and start fresh in 2016. We are still facing tough times in the industry, but let's use the excitement of the New Year to renew our resolve and vigor moving forward.

First, though, I want everyone to take a moment to reflect on where we ended the year. In our last AADE technical meeting, we had Mr. Fred Holmes present to us about the Taft Oil and Technology Academy as well as his spin on the oil industry in California. I wanted to give a shout out

to Mr. Holmes, and thank him again for the great presentation. It was much anticipated, and he certainly did not disappoint. At this meeting, we also celebrated that even in a tough year for the industry, your support allowed us to give over \$66,000 in scholarships and charitable donations. We really appreciate all of your generosity and involvement in this effort. With your continued support, it is my sincere hope that together we can beat that benchmark in 2016.

As you all know, our most anticipated technical forum meeting of the year is this month: the "Liars Club". This year we will have presentations from Linn Energy, Seneca Resources, E&B Natural Resources,

Hathaway LLC, Holmes Western Oil, and Vaquero Energy. I am really looking forward to hearing from the local producers and trying to get a vision on what 2016 has in store, all while having some much needed laughs.

Finally, I have a few quick reminders to start the year.

Do not forget to mark March 18th 2016 on your calendars for our annual golf tournament at Sundale Country Club. This is one of my favorite events of the year, and I look forward to socializing with you all and maybe even playing a little golf at the same time. It is also the perfect time to renew your AADE membership for 2016. We hope you all continue to be a part of the AADE family, and we look forward to welcoming new members. Finally, keep a look out for an invitation to renew your advertisements on the AADE meeting slideshow and the newsletter for 2016. Participation in the advertisements is a great way to get your business

in front of local industry members, while supporting our efforts to give back.

Thanks for reading, I look forward to seeing all of you at the Rice Bowl on the 21st for the “Liar’s Club” and the AADE kickoff to 2016!

Craig Hossfeld

CRC

Calendar Events 2015

February 18, 2015	Technical Forum Meeting
March 17, 2015	Technical Forum Meeting
March 18, 2015	Golf Tournament

This schedule is tentative and subject to change

LMOTM: Danny Moreno (NALCO)

Danny Moreno has leadership responsibility over California West Central District for Nalco Champion an Ecolab Company. He started his career with Nalco Champion in July of 2011, as a District Account Manager. Moreover, he has held several different roles within his 17 year career including, but not limited to Account Management, Area Manager, Operational Management, and Business Development responsibilities. He started with Baker Hughes as a Treater Truck Specialist riding his bicycle to and from work. Danny has a Business Management degree from University of Phoenix that he completed at night. Upon achievement, he moved into an Account Management role where he was transferred to the Central Coast of California with Baker Hughes. Most recently he resides in Bakersfield, CA where he enjoys the occasional golf outing with friends and customers when his isn't working meticulously for the AADE as West Coast Chapter Representative.

PROJECT MANAGEMENT AND WELLSITE CONSULTING • INTEGRATED SERVICES
EXTENDED REACH AND DEEPWATER DRILLING

**HXR IS NOT JUST A NEW COMPANY...
IT'S A NEW WAY OF THINKING.**

Think about Well Engineering Services utilizing top-of-the-line software specifically tailored to horizontal and ERD projects... Offshore Drilling Specialists that have been on-site on some of the highest profile projects in the world... a Project Management group that has global experience in the planning and supervision of horizontal and extended reach drilling operations... Drilling Engineers and Supervisors that have the West Coast drilling experience you need to keep your project on track and not off the rails.

When it's time to start your next offshore or multi-well pad development project, think about HXR Drilling Services. We've got the experience, expertise and dedication to get the job done... and get it done right.
