

RE: AADE SCHOLARSHIP 2020 – 2021

To whom it may concern:

AADE is a non-profit, volunteer organization founded in New Orleans in 1978. We offer a forum for the exchange of information, among its members and guests, specifically on drilling related topics. The local chapter is excited to announce scholarship opportunities for students in the Tri-State area. We will be awarding (20) \$1,000 scholarships to those outstanding students throughout the region that meet the attached criteria.

Please post the enclosed flyer, and if you have any students in mind that fit our criteria, we would welcome their application. The details and requirements are in the enclosed documents.

If you have any questions, please email Josh Doak at aade@rangeresources.com.

Respectfully,

AADE Scholarship Committee
