HXR IS NOT JUST A NEW COMPANY...  
IT'S A NEW WAY OF THINKING.

Think about Well Engineering Services utilizing top of the line software specifically tailored to horizontal and EOR projects... Offshore Drilling Specialists that have been on-site on some of the highest profile projects in the world... a Project Management group that has global experience in the planning and supervision of horizontal and extended reach drilling operations... Drilling Engineers and Supervisors that have the West Coast drilling experience you need to keep your project on track and on all the rails.

When it's time to start your next offshore or multi-well pad development project, think about HXR Drilling Services. We've got the experience, expertise and dedication to get the job done... and get it done right.

A close-up, slightly blurred image of the American flag, showing the stars and stripes. The flag is draped and appears to be part of a larger display. The colors are vibrant, with the blue field of stars and the red and white stripes. The perspective is from a low angle, looking up at the flag.
